

Thermal Transfer Ribbon

Pregis' thermal transfer ribbon offer consistent high grade resolution and clear printing for creating superior images at high speeds.

These are suitable for the Sharp SX, MAX20 and all other bagging machines that use a Datamax printer.

- Clear Printing
- Fast & Easy Ribbon Change
- Replaces Paper Label

Technical Specifications

- Ink color: Black
- Length: 610 m
- Width: 120 mm
- Weight: 0,75 gr/roll
- Including take-up core
- Product code: 4079005

Benefits

- **Prevent build up:** With the most advanced back coating on the market.
- **Less build up:** Print heads last longer, require less frequent cleaning.
- **Print at higher speed:** Excellent print quality with no voids and no static build-up.
- **Clear printing with high resolution:** Pregis' ribbons deliver consistent high grade resolution and clear printing. Our ribbons allow you to print superior images when printing at high speeds without voids.

- **Prevent static:** One of the primary causes of poor printing quality is static. Pregis' relies on specially formulated ribbons to dissipate static and eliminate printing voids. Costly errors occur when barcodes are not printed correctly.
